SUMMARY

I'm a tech enthusiast dedicated to innovation in web and mobile solutions. With expertise in Flutter, Dart, and more, I bring creativity, efficiency, and a drive for perfection to every project. Let's collaborate to create captivating digital experiences that leave a lasting impression. Your vision, my expertise – let's make it extraordinary.

EXPERIENCE

Core Product | Insight Plus | Ariana , Tunisia | May 2024 - Present

Flutter Developer Part Time | Creative Master | Egypt | October 2023 - April 2024

- Collaborated with the team to reduce app crashes by 30% by identifying and resolving critical issues in the codebase.
- Implemented optimizations, leading to a 40% increase in system efficiency and significantly improving overall app responsiveness.
- Developed and launched cross-platform mobile applications using Flutter, achieving a 30% increase in user engagement and reducing development time by 25% through effective use of Dart programming language and Firebase backend integration.

Flutter Developer - Internship | Solvers Technologies | Djerba, Houmet Souk | June 2023 - August 2023

- Crafted DeliSmart Mobile App, redefining E-commerce deliveries. Reviewed code, debugged problems, and corrected issues.
- Analyzed existing software implementations to identify areas requiring improvement.
- Delivered solutions for optimized delivery routes and peak productivity.
- Developed and customized over 20 reusable Flutter widgets for multiple client projects, reducing UI development time by 30%, and enhancing code reusability.
- - Developed and integrated RESTful APIs in Flutter applications to enhance data retrieval and management using tools like Postman and Retrofit.

Freelance Full Stack Developer | Self Employed | Djerba, Houmet Souk | January 2020 - Present

- Developed tailored solutions, optimizing team efficiency by 30% and resolving 90% of issues in programs and databases.
- Collaborated closely with clients, resulting in a 25% improvement in team efficiency and productivity.
- Facilitated effective collaboration within the team, resolving 95% of issues promptly. Applied industry best practices and creative problem-solving techniques, leading to a 25% improvement in team efficiency and productivity.

PROJECTS

Tayarh | Creativity Masters | tayarh.com | February 2024 - Present
